FES 2023 REVIEW

Fastener Expo Shanghai 2023(FES 2023), owned by Chinafastener.com, was successfully held at the National Exhibition and Convention Center from 5th to 7th June. Since its establishment in 2010, FES has continued to create a high-level fastener professional exhibition with the spirit of "perseverance", and provides a one-stop and all-round display of the fastener industry in a localized and international perspective. FES has become one of the world's top 3 fastener professional exhibitions and was highly spoken in the fastener industry.

Visitors' Voice

We are here in China to find some suppliers for our products. Because it is in Shanghai and we have many suppliers here so that's why we came here today. Fastener Expo Shanghai, good job!

We are looking for new suppliers. And I think it is a very attractive exhibition and there are many interesting things where i can see. Fastener Expo Shanghai, good job.

This Expo is one of the best Expos in the world. This is my first time coming to this Expo, and my friends made good comments about this Expo. I find this exhibition is a really great and wonderful expo.

This exhibition is the best exhibition in China. We come here to find some suppliers and our schedule is importing fasteners from China to Iran. So this exhibition is a very good choice for us. We have a manufacturer of bolt in Iran. This exhibition is good for us to know new knowledge, and next year I will come here to visit again.

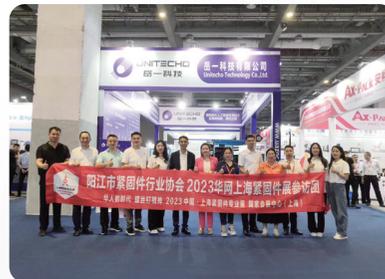

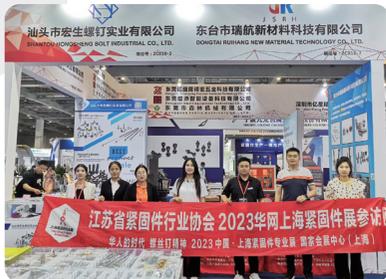

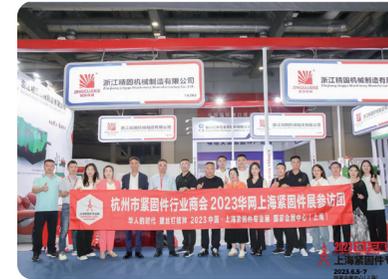

We come here to purchase the fasteners. We have already bought something from China from this expo. This Expo is very good and well organized.

I have visited a lot,many expos all over the world, I chose Shanghai because China is really doing great at the moment and China has a very big industry in fasteners manufacturing. The Chinese supplies are very cooperative,very humble and very polite. And it's a very good show indeed and i was invited by the organizer to come over here. I like it a lot, Shanghai Expo, great job!

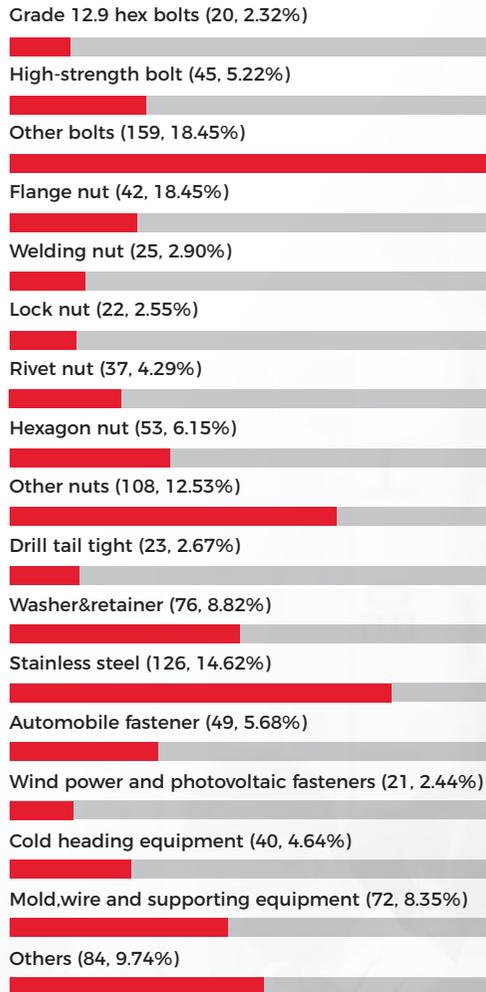

Professional Visiting Groups

Dongguan Fastener Industry Association, Yongnian Chamber of Commerce for Import and Export, Fastener Association of Guang Dong, Fastener Association of Shenzhen, Hangzhou Fastener Industry Association, Yangjiang Fastener Industry Association, Jiangsu Fastener Association, Xinhua Dainan Fastener Industry Association, Yangjiang Machinery Equipment Industry Association, Shanghai Fastener Industrial Association, Hunan Fastener Group and so on, totally more than 20 professional visiting groups composed of fastener industry associations, terminal associations, and well-known enterprises have flocked to FES 2024 to negotiate fastener supply and demand and exchange information.

Exhibitor's voice

Mr. Wang
Shanghai PMC Nedschroef Machinery Co., Ltd
上海集优内德史罗夫精机有限公司

Fastener Expo Shanghai is an important platform that we highly valued. We felt happy that we brought Nedschroef cold heading machine to FES at a lower price, but what remains unchanged is the high quality and executive control of Ned's cold heading machine, which will give back to domestic customers at lower prices. And we will see you again in next March!

Mr. Zhang
SHENZHEN DAHE INDUSTRIAL CO.,LTD
深圳大和实业有限公司

We have cooperated with Chinafastener.com for quite a few years and both of us felt happy. I hope in the future, Chinafastener.com can help us approach more accurate clients. And I'm looking forward to more in-depth cooperation with Chinafastener.com too.

Mr. Shu
Bufab Fastener Trading (Shanghai) Co., Ltd
渤帆紧固件贸易(上海)有限公司

We choose Chinafastener.com as a partner for the following reasons. First of all, Fastener Expo Shanghai 2023 is held by Chinafastener.com. Secondly, China Fastener.com has taken root in the fastener industry for more than ten years and has been committed to becoming the most professional fastener platform in China. We and Chinafastener.com will work together to create a co-shared better future.

Mr. Dai
Tongming Enterprise Co., Ltd
浙江东明不锈钢制品股份有限公司

We are old friends with Chinafastener.com and have cooperated with each other for more than ten years. We hope that Chinafastener.com will get better and better and play a better media role in the industry to help us strengthen industry co-sharing.

Mr. Liu
Hebei Tianchuang New Material Technology Co., Ltd
河北天创新材料科技有限公司

We have been cooperating with Chinafastener.com for many years and have gained a lot. We will come back to participate in Fastener Expo Shanghai 2024 next year, and we hope to have deeper cooperation with Chinafastener.com too.

Mr. Zhou
GEM-YEAR INDUSTRIAL CO., LTD.
晋亿实业股份有限公司

In the future, GEM-YEAR will work side by side with Chinafastener.com to execute a higher quality route. Next year, we will still participate in the fastener exhibition hosted by Chinafastener.com, and we will see you next March.

FES 2023 Events

The 2nd National High-end Fastener Technology Forum & Fastener Anti-loosening Invitational Contest

In order to solve the problem of fastener anti-loosening, FES 2023 held an invitational contest on June 4. By evaluating the anti-loosening performance, installation convenience and reusability of participating products, FES 2023 demonstrated how to succeed in antiloosening fasteners. Among them, 26 participating products from 23 participants won the Excellence Award of this contest.

Opening Ceremony of 2023 International Fastener Show (Online) and Zhejiang Haiyan Online Export Fair

FES 2023 together with Jiaxing Municipal Bureau of Commerce and Jiaxing Fastener Import & Export Enterprise Association, jointly held the 4th International Fastener Show Online and Zhejiang Haiyan Online Export Fair on site on June 5. The fair attracted around 300 exhibitors and more than 5,000 global buyers and was well received by all participants.

Face to Face Purchasing Meeting

In order to solve the problem that domestic companies cannot find high-quality overseas buyers and worry about the low transaction rate, FES 2023 set up a face-to-face matching meeting area on site under the name of Chinastarter.com and matched 2 to 4 overseas buyers for each company participating in the matching meeting. The participants all said that they communicated face-to-face with foreign businessmen, and got remarkable results.

FES 2023 Events

2023 China Fastener Night

On the evening of June 5, 2023, the "Aozhan-2023 Shanghai Fastener Night" high-end summit was grandly held at the Primus Hotel Shanghai Hongqiao. Nearly 600 people including fastener industry elites, fastener association leaders, exhibitor representatives, and fastener enterprise representatives from all over the country gathered together to witness this grand event in the fastener industry.

The 2nd National High-end Fastener Technology Conference & Award Ceremony of Fastener Anti-loosening Invitational Contest

The 2nd National High-end Fastening Technology Forum & Fastener Anti-loosening Invitational Contest Awards Ceremony officially kicked off on the afternoon of June 5th at FES 2023 where 26 participating products from 23 participating companies were awarded excellent product awards. After the award ceremony, the big names in the fastener industry contributed many wonderful lectures.

2023 National Conference on Industrial Wire used in Fastener Industry

As two well-known websites in the upstream and downstream of the fastener industry chain, Steelhome.cn and Chinafastener.com jointly held the 2023 National Conference on Industrial Wire used in Fastener Industry on site on June 6. The conference accurately interpreted the market information of wire as the upstream supply chain of fasteners and won unanimous praise from the participants.
